

# 1 Tables:

Tables are used to envision the data in a structured way.

ampersands (&) → column separators,

new line symbols → row separators

a	b	c
a	b	c
a	b	c

a	b	c
a	b	c
a	b	c

Table 1: table 1

Table 2: Nonlinear Model Results

Case	Method#1	Method#2	Method#3
1	50	837	970
2	47	877	230
3	31	25	415
4	35	144	2356
5	45	300	556

Table 3: Nonlinear Model Results

Case	Method#1	Method#2	Method#3
1	50	837	970
2	47	877	230
3	31	25	415
4	35	144	2356
5	45	300	556
